

The Boston University

# PMP® EXAM PREPARATION PROGRAM

## PMP® CERTIFICATION REQUIREMENTS

You must have either:

- A four-year degree (bachelor's or the global equivalent)
- At least 4,500 hours leading and directing projects

Or:

- A secondary diploma (high school, associates degree, or the global equivalent)
- At least 7,500 hours leading and directing projects

*Completing this Boston University two-part PMP Exam Preparation provides the 35 hours of project management education also required.*

To sit for the exam, you must also:

- Submit relevant academic transcripts.
- Submit your application to PMI® to take the exam, including testing fee payment. The Online Overview (Part 1) will enable you to have your application completed and submitted prior to taking the On-Campus Boot Camp (Part 2).
- More details about the exam are available at [pmi.org](http://pmi.org).

## PMP100 Project Management Professional Test Preparation

Have you worked in project management for at least three to five years? If so, you are eligible to seek Project Management Professional (PMP®) certification from the Project Management Institute (PMI®). This globally recognized credential signifies that you have the experience, education, and competency to lead projects successfully. The credential can lead to higher salaries and increased marketability.

Using a unique two-part preparation effort, Boston University's Metropolitan College (MET) can help you succeed on the PMP exam.

## PMP EXAM PREPARATION

- **Part 1: Online Overview**
- **Part 2: On-Campus Boot Camp**

MET's Center for Professional Education offers the PMP Exam Preparation program, now updated to reflect the most recent changes in the PMP exam, including coverage of revised cross-cutting knowledge and skills. Led by PMP-certified faculty, this course of study provides a comprehensive preparation for the PMP exam. You can expect to:

- Understand PMP certification exam registration requirements
- Accurately complete the exam application
- Review the PMBOK®, including the:
  - 5 process groups
  - 10 knowledge areas
  - 47 project management processes and associated input and outputs
- Prepare for critical test areas and concepts not found in the PMBOK
- Concentrate on difficult areas, including analytical and mathematical concepts
- Develop effective test-taking and passing strategies
- Decode questions for the best answers
- Check your progress on a practice exam of 200 simulated questions

For maximum knowledge retention, we recommend you sit for the PMP exam shortly after completing the three-day On-Campus Boot Camp. For additional information on the course details, visit [cpe.bu.edu/pmp/](http://cpe.bu.edu/pmp/).

## PMP® Exam Preparation Instructors

BU's Metropolitan College (MET) pioneered project management as an academic discipline.

The PMP Exam Preparation program was designed by MET's Director of Project Management Programs **Vijay Kanabar, PhD, PMP**, and is taught by MET Lecturer **James Hannon, MBA, PMP, PM-ACP, CSM, CSPO, CSP**. Mr. Hannon has over fifteen years of diversified experience in information technology and financial services, and holds certifications from the Scrum Alliance and the Project Management Institute, and a Green and Black Belt Six Sigma Certifications from Villanova University. He is pursuing a EdD in education.

### FEES

#### PMP® Exam Preparation Program PMP100

The cost is \$1,495 for the online overview and the on-campus boot camp. BU MET Students/ Alumni qualify for a discount. Call 617-353-4497 to get the reduced price of \$1,295.

### IMPORTANT:

Students are responsible for registering for the PMP certification exam, whether they take it after the Boot Camp or at a later date. The cost of the PMP exam is not included in the cost of the PMP Exam Preparation program, and is currently \$405/PMI members, \$555/non-members.

For more information on the PMP Exam Preparation program at Boston University, please call 617-353-4497.

## Project Management at BU's Metropolitan College

Boston University's Metropolitan College (MET) is a trailblazer in project management education. With its variety of cutting-edge graduate programs in project management, MET prepares qualified, successful project managers to oversee large and small projects in a broad range of multinational industries. In the classroom or online, high-quality students benefit from academic inquiry, case studies, and project simulations that provide theoretical and practical understanding of the essential elements of project management. The Project Management Institute Global Accreditation Center for Project Management Education Programs (GAC) has accredited the following Boston University programs: the MS in Computer Information Systems, and the MS in Project Management. Visit [bu.edu/met/programs/project-management](http://bu.edu/met/programs/project-management) for more information.
